
JELSON LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 30 APRIL 2021**

Streamline energy and carbon reporting

	2021	2020 (restated)
Emissions from combustion of gas and other fuel (tCO ₂ e)	1,325	1,265
Emissions from combustion of fuel for transport purposes (tCO ₂ e)	371	541
Emissions from Purchased electricity (tCO ₂ e)	153	103
Total gross tCO₂e emissions	1,849	1,909

Energy consumption used to calculate emissions in kWh is 7,327,977 (2020 (restated): 7,535,686).

The intensity ratio: tonnes of CO₂e per £m Turnover is 22.1 (2020 (restated): 23.6).

The comparative for 2020 has been restated due to an error in the combustion of gas calculation (amounts as previously stated were: combustion of gas (tCO₂e): 139, total gross tCO₂e emissions: 783, energy consumption in KWh: 3,152,233 and intensity ratio: 9.7).

Methodology

The figures above represent the company's energy use and associated GHG emissions from electricity and fuel for the year to 30 April 2021. We have followed the Government environmental reporting guidelines, along with the UK Government GHG Conversion Factors.

Energy Efficiency Action

The company remains committed to reducing its carbon footprint by reducing energy consumption throughout its operations and by minimising and recycling waste.

Financial instruments

The Company uses financial instruments, comprising internal and external borrowings, cash and other liquid resources and various items such as trade debtors and creditors that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the Company's operations. The main risks arising from the Company's financial instruments are interest rate risk and liquidity risk. The directors review and agree policies for managing each of these risks and they are summarised above. The policies have remained unchanged from previous periods.

Engagement with employees

The Company has continued its practice of keeping employees informed of matters affecting them as employees and the financial and economic factors affecting the performance of the Company.

This is achieved through consultations with employee representatives.
