#### Energy efficiency statement

We have upgraded the coverage of our temperature monitoring system at Redditch to include our solar panel generation. The new equipment also allows us to programme activity and load shift our consumption away from red bands. New programmes have been created to clean and maintain core plant equipment. We have established a new depot which incorporates modern, efficient chillers and building materials.

#### Disclosure of information to the auditor

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.
