Reports of the directors for the year ended 31 December 2020 (continued) Strategic report (continued)

SECR disclosure

We report our carbon emissions following the Greenhouse Gas Reporting Protocol – Corporate Accounting and Reporting Standard. The below disclosure shows our carbon footprint for scopes 1, 2 and 3, along with the appropriate intensity ratio as well as the total energy use for electricity. The company doesn't use gas or other fuels. We are reporting carbon dioxide emissions resulting from our energy use of our building, employees business travel and UK meetings base. This reporting is aligned with our financial reporting calendar.

	2020 tCO2
Total Carbon Emissions	378
Scope 1 Carbon Emissions	30
Scope 2 Carbon Emissions	50
Scope 3 Carbon Emissions	298
Total Energy use (kWh)	213,516
Intensity Ratio (total gross GHG per £ revenue)	0.00989

As a business that focusses on wellness, we are aware that this extends beyond our membership and into our environment. Various initiatives have been considered to reduce our consumption, including the fitting of sensor lights into our office space.

On behalf of the board
