

Nijjar Group Holdings (Acton) Limited

Strategic Report *(continued)*

Period Ended 2nd January 2021

The report builds up on the information provided by Nijjar Group Holdings (Acton) Ltd for previous reporting year under the Mandatory Greenhouse Gas (GHG) requirements.

The data reported below relates to emissions from activities in the operational control of the Group from 29th December 2019 to 2nd January 2021 consistent with its financial reporting period. All of the energy consumption and emissions data relate to activities undertaken in the United Kingdom.

Energy data is based on activity data contained in supplier invoices for road fuel transactions used for business travel and minor quantities for gas used in other small equipment plus utility meter data for electricity usage.

	2021	2019
	£	£
Parameter and Units		
Fuels (kWh)	29,767,537	32,883,351
Electricity (kWh)	10,264,644	8,777,111
Total Energy Use (kWh)	40,032,181	41,660,462
Scope 1 Emissions (tonnes CO2e)	7,610	8,407
Scope 2 Emissions (tonnes CO2e)	2,393	2,046
Total Emissions (tonnes CO2e)	10,003	10,453

The group has followed the GHG Protocol Corporate Accounting and Reporting Standard to calculate emissions from fuels (Scope 1) and from purchased electricity (Scope 2). Carbon emission factors have been used to convert each activity that gives rise to GHG emissions to a carbon dioxide equivalent (CO2e) using the latest government conversion factors for company reporting. Scope 1 emission data includes the material sources of road fuel used by all company vehicles. Scope 2 emissions data includes purchased electricity used in manufacturing, distribution and the offices. The company do not monitor any incoming distribution channels so those figures have been excluded from the report.

Director's duties - compliance with S172 of the Companies Act 2006

Section 172 of the Companies Act 2006 require directors of the group to act in a way they consider, in good faith, would most likely promote the success of the group for the benefit of its shareholders as a whole. In doing this, section 172 requires a director to have a regard, amongst other matters, to the:

- Likely consequences of any decision in the long term;
- Need to foster the group's business relationship with suppliers, customers and others;
- Impact of the group's operations on the community and environment;
- Desirability of the group maintaining a reputation for high standards of business conduct;
- Need to act fairly between members of the group.

Nijjar Group Holdings (Acton) Limited

Strategic Report *(continued)*

Period Ended 2nd January 2021

the group strategy and the Board considers the external environment in several ways. We are constantly taking steps to achieve our goals, from reducing CO2 emissions to reducing waste in our operations. For example, we reduce CO2 emissions through effective route planning. An example of our commitment to sustainable packaging is our continued commitment to increase the level of recycle-friendly packaging materials we use, including the use of film pouches instead of plastic bottles by investing in new plant and machinery over the years to reduce plastic use.

This report was approved by the board of directors on 27th September 2021 and signed on behalf of the board by:

Mr Balvinder Singh Nijjar
