Energy efficiency actions

We are committed to responsible energy management and will practise energy efficiency throughout our organisation, wherever it's cost effective. We recognise that climate change is one of the most serious environmental challenges currently threatening the global community and we understand we have a role to play in reducing greenhouse gas emissions.

We have implemented the policies below for the purpose of increasing the businesses energy efficiency in the relevant financial year.

- Moved to remote home working due to COVID-19. Will review when situation permits.
- Encouraged increased use of video conferencing.
- Travel reduced due to COVID-19.
- As travel restrictions ease, move to a hybrid working model reducing our carbon footprint.

Methodology used in the calculation of disclosures

ESOS methodology (as specified in Complying with the Energy Savings Opportunity Scheme version 6, published by the Environment Agency 28/10/2019) used in conjunction with Government GHG reporting conversion factors.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare financial statements in accordance with International Financial Reporting Standards (IFRSs) UK-adopted international accounting standards. Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Company and of the profit or loss of the Group and Company for that period.
